

Company Name: Astrix Technology, LLC
Doing Business As (dba): Astrix Technology Group

Astrix has been delivering dedicated information technology consulting, regulatory advisory services and specialized scientific staffing to science-based branches of the federal government, along with various municipal and state governments in the United States, for over two decades.

We are a company of scientists with technical training and specific expertise and hands-on experience in life science environments. We utilize our Strategic Consulting, Application & Platform Services, and Scientific & IT Staffing teams to consistently provide high-value staffing, scientific and technical solutions to analytical laboratory programs within United States governmental agencies.

Astrix has successfully served the U.S. federal government in the capacity of prime contractor to 13 Institutes / Center at NIH and the DHS BioWatch Program, as well as subcontractor to many of the country's largest prime contractors. We provide scientific and laboratory informatics consulting to several federal agencies through our Professional Services Division. In addition, our Staffing Division provides services to augment the government workforce with trained laboratorians, ranging from entry level through Ph.D. specialists. Federal agencies we have served include the Department of Defense (DOD), Department of Homeland Security (DHS), Department of Energy (DOE), Department of the Treasury (DOT), Environmental Protection Agency (EPA), Centers for Disease Control and Prevention (CDC), and National Institutes of Health (NIH).
